[Hiring Manager's Name]
[Company Name]
[Company Address]

Dear [Hiring Manager's Name],

I am excited to apply for the [Job Title] position at [Company Name]. With a strong foundation in both graphic design and front-end web development, I bring a versatile skill set that bridges creative design with technical implementation—allowing me to deliver cohesive, visually appealing, and user-friendly digital experiences.

Through my training in *Digital Media/Multimedia Design* at Orange Technical College and the *Front-End Engineer Career Path* at Codecademy, I've developed proficiency in Adobe Creative Suite, HTML, CSS, and JavaScript. I've applied these skills in projects ranging from print and promotional design to responsive website development, consistently focusing on clarity, accessibility, and engaging user experiences. My ability to move seamlessly between design and code enables me to support a wide range of project needs and collaborate effectively across disciplines.

I am committed to continuous learning and contributing to a creative, team-oriented environment. I would welcome the opportunity to bring my design and development expertise to [Company Name] and help create impactful visual and digital solutions that align with your goals.

Thank you for considering my application. I look forward to the possibility of discussing how I can contribute to your team's success.

Best Regards,
Devin Sloan
